This cohort study uses health system and research cohort data to compare the ability of existing vs new clinical criteria for sepsis to identify intensive care

Assessment of Clinical Criteria for Sepsis : For the Third

Introduction A range of factors drives clinician burnout, including workload, time pressure, clerical burden, and professional isolation [1]. Clerical burden, especially documentation of care and order entry, is a major driver of clinician burnout. Recent studies have shown that physicians spend as much as 50 percent of their time completing clinical documentation [2].

Care-Centered Clinical Documentation in the Digital

Proven Results in Clinical Documentation is an Imperative

Wound centers are organized in a variety of ways and can be free-standing clinics, housed within community hospitals, or at an academic medical center (). 8 In today's practice, many wound centers are part of a regional health care system or a national health care management group. These wound centers are staffed with a hybrid of part-time and full-time providers and support personnel.

Critical elements to building an effective wound care

Methods. Prospective data collection of critical care bed numbers for each country in Europe from July 2010 to July 2011. Sources were identified in each country that could provide data on numbers of critical care beds (intensive care and intermediate care).

The variability of critical care bed numbers in Europe

1. Introduction. People frequently get sick and everybody has experienced nursing care at some stage, and yet in the 21st century Nursing is still difficult to describe and poorly understood.

Professional nurses' understanding of clinical judgement

Medical therapies or treatments are efforts to cure or improve a disease or other health problem. In the medical field, therapy is synonymous with the word treatment. Among psychologists, the term may refer specifically to psychotherapy or "talk therapy". Common treatments include medications, surgery, medical devices, and self-care. Treatments may be provided by an organized health care system ...
