This book bears witness to her ability to encompass social policy, health policy and political science as well as a sociology of professions and a sociology of health " in a quest for a new understanding of the global project of healthcare modernisation.

Modernising Health Care: Reinventing Professions, the

Summary: This article examines the relationships between welfare, law and managerialism as key discourses in social work with children and families. It draws on empirical research into the relationships between local authority social workers, social services managers and lawyers in child care work in England.

Welfare, Law and Managerialism: Inter-discursivity and

Abstract. This volume seeks to create sparks of re-imagining in its readers to advance and to challenge the status quo. It synthesizes historical, contemporary and comparative material highlighted by each of the contributors to this book in order to present radical alternative ways of thinking about policy and practice, and ways of working towards meeting young people's needs.

Regulation is a very significant form of managing public services in Britain, as central government increasingly relies upon regulatory agencies and mechanisms to measure and improve the performance of agencies delivering public services.

Modernising Regulation or Regulating Modernisation? The

of social work and social care services in much of the English speaking Western world. In England, under the auspices of a New Labour government, this has been taking place under the rationale of "modernising" public services (see, for example, DH, 1998).
