narrative-centered learning environments. In this paper, we investigate the effect of narrative on learning experiences and outcomes. We present results from an experiment conducted with eighth-grade middle school students interacting with a narrative-centered learning environment in the domain of microbiology.

Story-based Learning: The Impact of Narrative on Learning

constructivism, situated learning, and a critical cultural perspective on learning (elaborated and critiqued by Fenwick, 2004). Marsha and I argue for a narrative theory of learning, one that connects experiential learning and the notion of narrative as a sense-making medium. Experience itself is prelinguistic; it exists prior to and apart from ...
