The National Park Service (NPS) is an agency of the United States federal government that manages all national parks, many national monuments, and other conservation and historical properties with various title designations. It was created on August 25, 1916, by Congress through the National Park Service Organic Act and is an agency of the United States Department of the Interior.

### **National Park Service - Wikipedia**

African Burial Ground is the oldest and largest known excavated burial ground in North America for both free and enslaved Africans. It protects the historic role slavery played in building New York City.

### **African Burial Ground National Monument (U.S. National**

A variety of digital map files is available via the NPS Data Store.. Some brochures also have maps (including hiking maps for some areas of the park).

### **Maps - Yosemite National Park (U.S. National Park Service)**

Everglades National Park is an American national park that protects the southern twenty percent of the original Everglades in Florida. The park is the largest tropical wilderness in the United States, and the largest wilderness of any kind east of the Mississippi River. An average of one million people visit the park each year. Everglades is the third-largest national park in the contiguous ...
